North Carolina Concert Band Music Performance Assessment (MPA)

Purpose: The purpose of the NC MPA is to provide students and teachers a means of receiving constructive comments by competent judges, to stimulate and recognize musical growth, and to provide students and teachers a means of hearing musical works performed by other school groups.

MPA is viewed as the End of Course (EOC) test for bands all across North Carolina. Though the ensemble grade for performance is not counted toward or against school ABC's or AYP, the opportunity to perform "where it counts" is no less strenuous for the performers and their directors. Months of preparation go into one performance so that the best possible results can be achieved by our students. Cabarrus County has a fine tradition of well-performing ensembles and that tradition will continue tonight. Thank you to all the students and their parents whose hard work has made this possible.

Cabarrus County Schools Pre-MPA Concert
